Another chart transformation I have used often this year (2020)

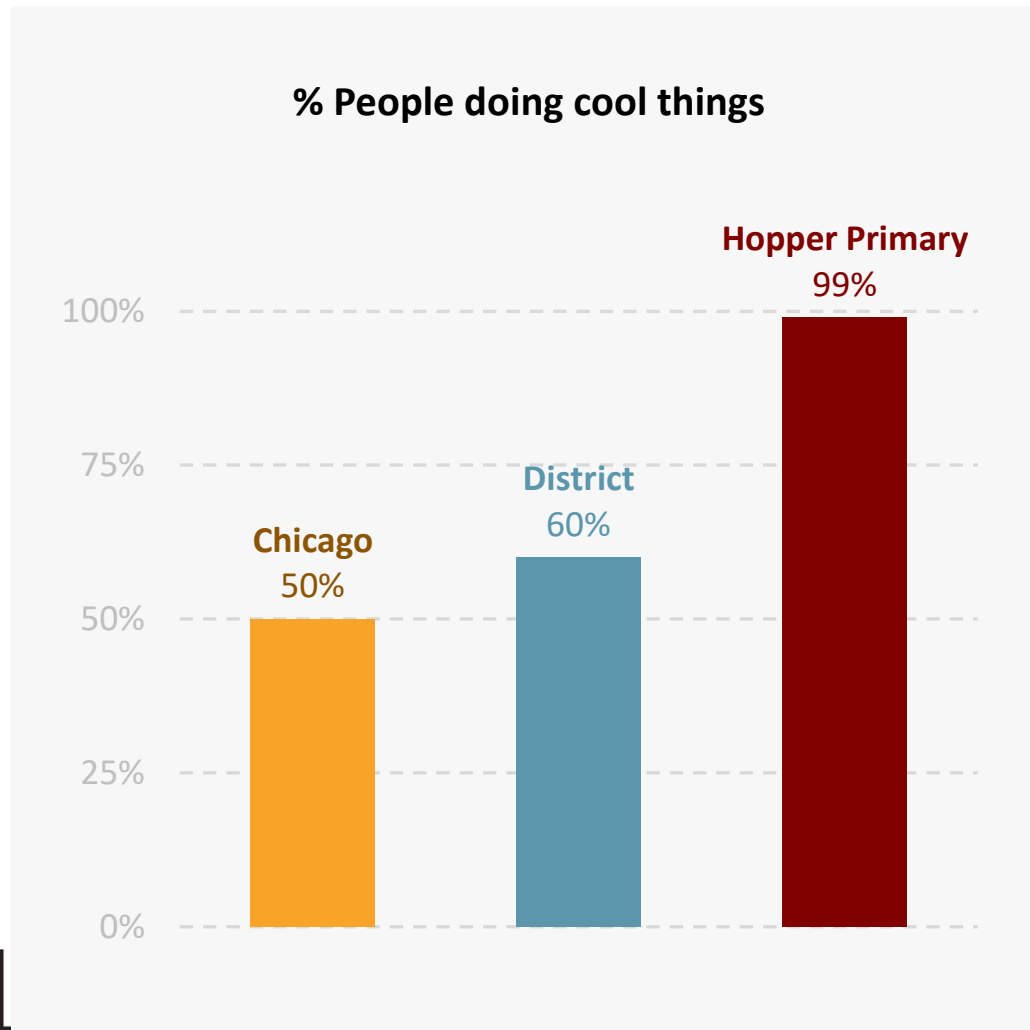

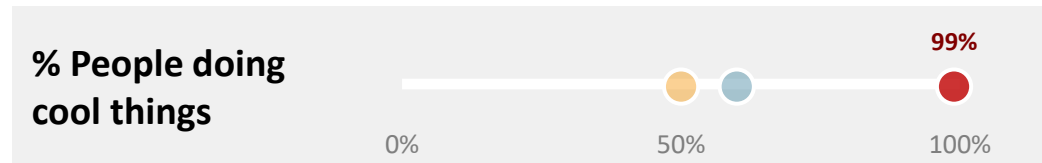

Before

% People doing cool things

Hopper Primary
99%

District
60%

Chicago
50%

100%
75%
50%
25%
0%

After

% People doing
cool things

99%

0%   50%   100%

Application

% People in Chicago/District/Hopper

doing
cool things

99%

playing
board game

60%

checking Slack
often

75%

0%   50%   100%
